Beyond Compare 2 | Diff Utils - file and folder compare tools

The difference is this: s' is used for plural possessive; 's is used for singular possessive; s' can also be used at the end of proper names that end in s to indicate the possessive without adding the extra s. Since only one user is likely to be reading a "User's Guide" at a time, it would make sense to use the 's in that title. That may be why your co-worker thought it was funny; possibly he ...

Introduction to Beyond Compare

Beyond Compare is a simple utility tool that allows you to quickly and easily compare your files and folders. It allows you to discern differences between files or folders using several methods of comparison such as the CRC check, file attribute, the binary comparison..etc. It displays items compared side by side and highlights their differences.

Download the latest version of Beyond Compare free in ...

Thanks for the answer. I'll give that a try, but the lines that need to be entered into the config file look suspiciously (almost) identical to some instructions I followed for setting up Beyond Compare using the Custom option - i.e. setting the path to the program and then using the supported \$ arguments. Unfortunately, this didn't work either, so I don't hold out a lot of hope for the edits ...
